DELIVERING ON THE 10-POINT PLAN FOR UKRAINE

On 28 March, the Commission, in coordination with the French presidency, presented a 10-Point Plan for stronger European action on welcoming people fleeing the war from Ukraine.

Several actors actively contribute, including Member States authorities, civil society organisations as well as international partners and UN bodies. The Commission also maintains close cooperation with the Ukrainian authorities to address the needs of people fleeing the war.

1. An EU Platform for Registration

- The EU Platform for Registration was established in record time and is online since 31 May;
- 3.2 million people registered for temporary protection across EU Member States;
- Temporary Protection Guidelines issued on 21 March to help Member States correctly apply the Temporary Protection Directive.

2. An EU level coordinated approach to the transport and information hubs

- EU map with transport and information hubs online since 12 May;
- Helpline in Ukrainian and Russian for people fleeing the war active as of 16 May;
- Over 400 people trained by the EUAA to work on the ground;
- Information Campaign to encourage moving to EU countries with available capacity launched 9 June.
The specific challenges of reception and care for unaccompanied and separated children from Ukraine identified and addressed in the Solidarity Platform and with experts; Dedicated Standard Operating Procedures developed for transfers of unaccompanied minors from Moldova; Support provided to Member States and relevant partners to adapt education systems, including through the publication in April of the Guidance on integration in education, trainings, webinars and coordination of activities under the EU Education Support Group for Ukraine.

In close cooperation with EU countries, EU agencies and international organisations, the Commission developed a contingency plan at EU level, outlining key recommendations and actions for each country and for the EU.
